Summary: An exciting contest with only one point separating the two top riders at week 14. A splendid ride by Vince Macklam on the final night saw him clinch the competition with maximum points in what is believed to be a Course Record. Some quality rides were done, not only on the fast A64 but in general.

71 different riders took part in the competition. Simon Hollick was the only rider to complete all 12 available rides and he also marshalled the other three. Congratulations to the prizewinners and to everyone who took part and helped to make the CYCLESense Tadcaster League such a success. I hope you will all be back next year
