## SUMMARY

The 2009 Cyclesense League draws to a close with a win for Doug Hart of Yorkshire Velo with a score of 277. Last year he had to settle for winner of the 2nd claim riders with 276 points, so two years of excellent performances. Last year's winner, John Colman, Yorkshire RC, was only one point down with 276 for another brilliant performance. Matt Lunn came back from injury to take the second claimers top spot with 260 points after his second place last year.

Janet Tate, Leeds Westfield was once again highest placed woman with 106 points. Nick Barnes was highest placed youth with 165½ points, in front of a fast improving Seb Marsh on 150, both are members of Seacroft Wheelers. Four youths took part this year, as against two last year.

Top Vet on Standard was Leeds Westfield's Bob Tate with an average of 3.13, closely followed by John Colman on 3.11 and the Penrice tandem on 3.03. Not too bad as the tandem standards are 10% less generous than for solo riders. Other Vet on Std results are: Peter Dickinson plus 2.59, Steve Smith +2.02, John Woods +1.48, Howard Blakeley +1.20, Stuart Whittle +.57. Andy Bairsto +.48 Simon Denison +.44, Janet Tate +.33 and Garry Marsh minus 1.36.

This year's competition was very well supported with 75 different riders taking part. 57 were first claimers and 18 second claim, so the balance was just about right. John Colman was the only person to ride the maximum of 12, well done to him, and also everyone for their support, 409 rides this year as against 325 in 2008.

An onslaught on the League fastest times saw Ian Cooke bring the V318 down from 21.47 to 21.23, Doug Hart reduced the Cawood 12.5 from 27.48 to 27.04, Ian Cooke reduced the 15 (V328) from 33.11 to 33.06 and Doug Hart knocked exactly one minute off the 25 time to make it 56.59. It is possible that if we cannot use the A64 (Colin Hawksby 19.47) we will have to look for other flattish ten mile courses so I have included Doug Hart's Cawood 10 time of 22.27. I think if we only have the rolling V318 it will discourage many riders from taking part, especially the older ones.

Overall: 409. Seacroft 182. Yorkshire RC 77. Leeds Westfield 61. Yorks Velo 59. Wetherby Wheelers 30
